

YE OLD MILL

PRESERVE A KANSAS STATE FAIR LEGACY

A Kansas tradition. A ride of passage. A Fair experience generations share.

For more than a century, Ye Old Mill has carried Kansas families through the Fair. Built in 1913, it is so woven into the Kansas State Fair that few of us can imagine the experience without it.

Like any historic attraction, Ye Old Mill requires thoughtful care and reinvestment to continue operating as Fairgoers expect—today and for generations to come.

The Ye Old Mill Preservation & Renewal Campaign is a focused effort to steward this iconic ride through planned upgrades to boats, waterways, building protection, and essential systems—while preserving the character and charm generations recognize and love.

Join us in preserving this Kansas tradition for the next generation.

Why Give Through the Kansas Fairgrounds Foundation

The Kansas Fairgrounds Foundation exists to care for the places that define the Kansas State Fair.

Foundation-led projects prioritize:

- ◆ Long-term public value
- ◆ Responsible stewardship of donor investments
- ◆ Preservation of experiences that shape the Fair's identity

Ye Old Mill exemplifies this commitment.

Be part of the story. Preserve a Kansas legacy.
